

Name _____

Use your Fact Files to circle the correct lion facts.

Which food would the lion rather eat?

About how many years does a lion live?

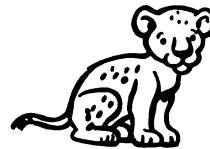

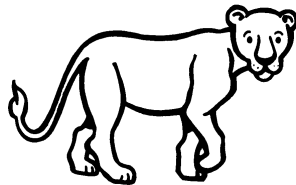

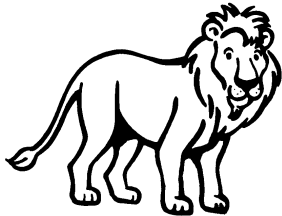

25

50

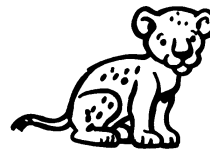

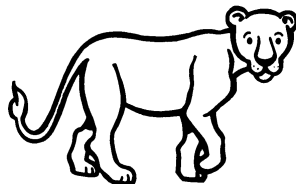

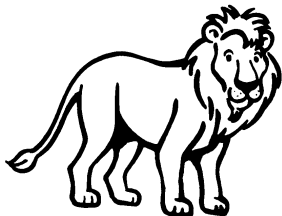

1

16

Which lion would typically go out hunting?

Which lion would stay to protect the family?

Lions live in groups called:

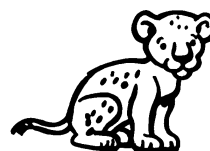

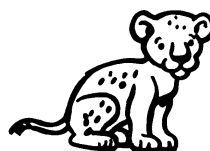

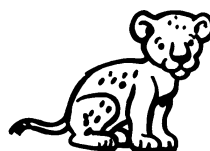

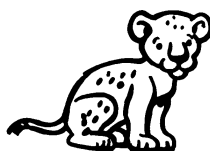

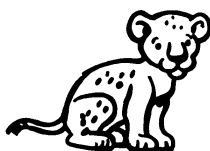

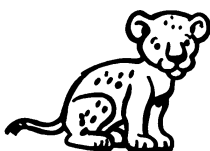

neighborhoods

prides

parties

crews

Circle the number of babies a lion usually has.

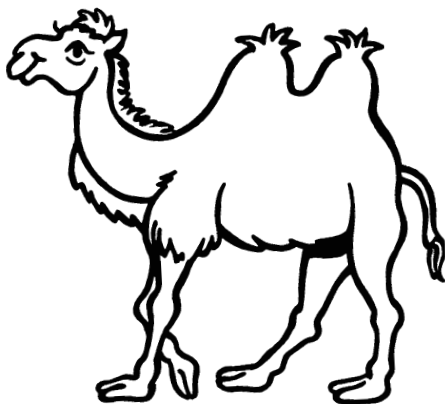

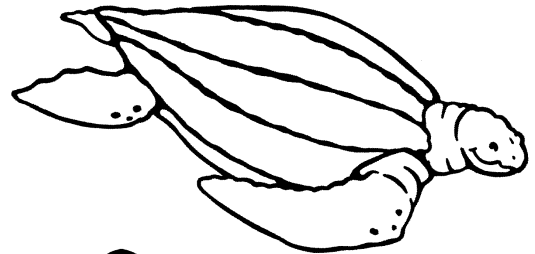

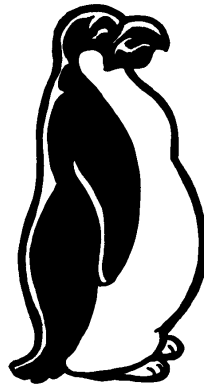

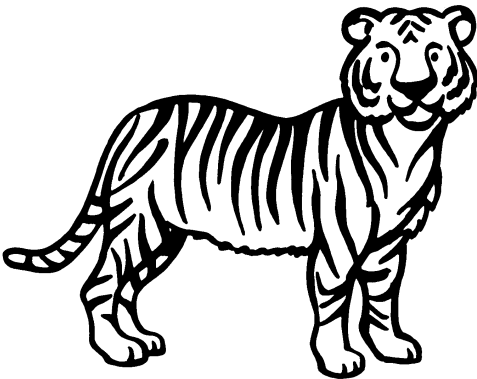

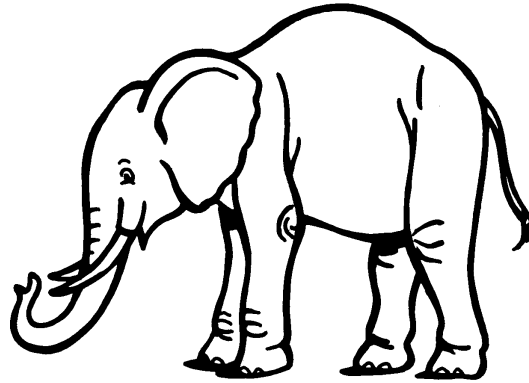

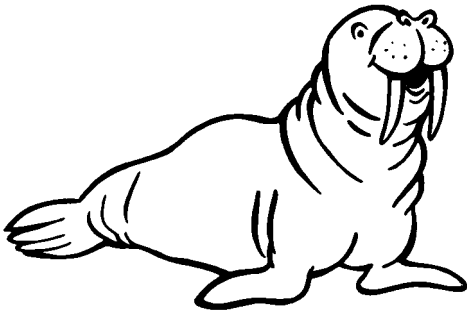

Name _____

There are many different kinds of mammals.

Elephants, humans, dogs, and cats are all mammals.

Mammals give birth to their babies and give milk to them. Circle the animals on this page that are mammals.

Name _____

Find the following mammals in the word find puzzle below.

cat	dog	lion	giraffe	kangaroo	koala
zebra	elephant	human	tiger	dolphin	camel

mammal bird

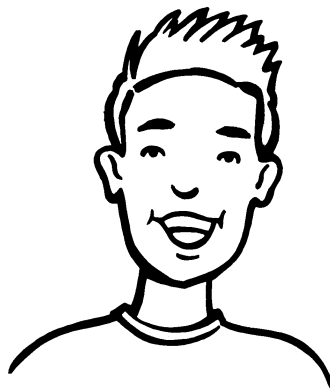

mammal bird

Name _____

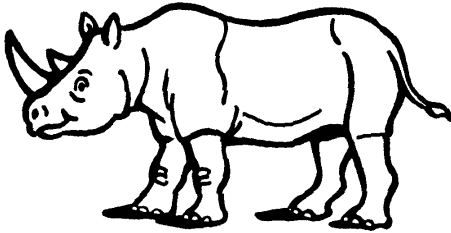

Help the zookeeper decide which animals get which kind of food. Draw a line from the food to the animal.

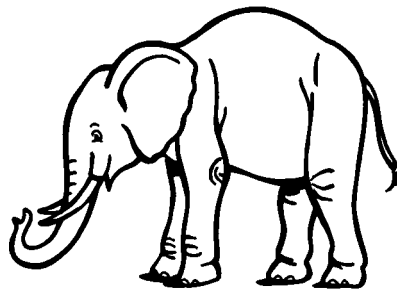

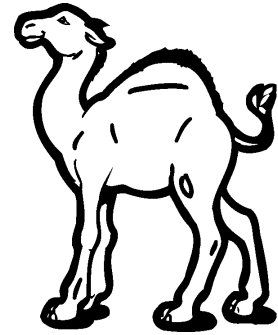

Name _____

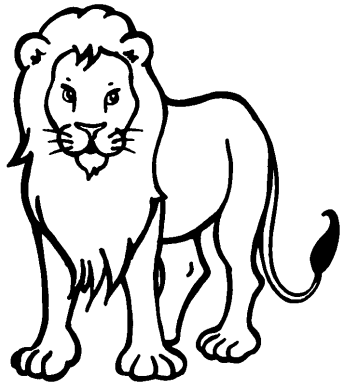

Pick each animal's "special" feature from the list and write it under the animal's picture.

mane	trunk	pouch	hump	feathers	horns
------	-------	-------	------	----------	-------

Name _____

Use your Panda Fact File to fill in the blanks below:

Pandas are found in the mountains of
s o u t h w e s t China.

Pandas like to eat _____ , as well as meat.

They weigh about 250 _____ .

Pandas belong to the group _____ .

Most pandas are about 5 _____ tall.

They spend most of their time _____ .

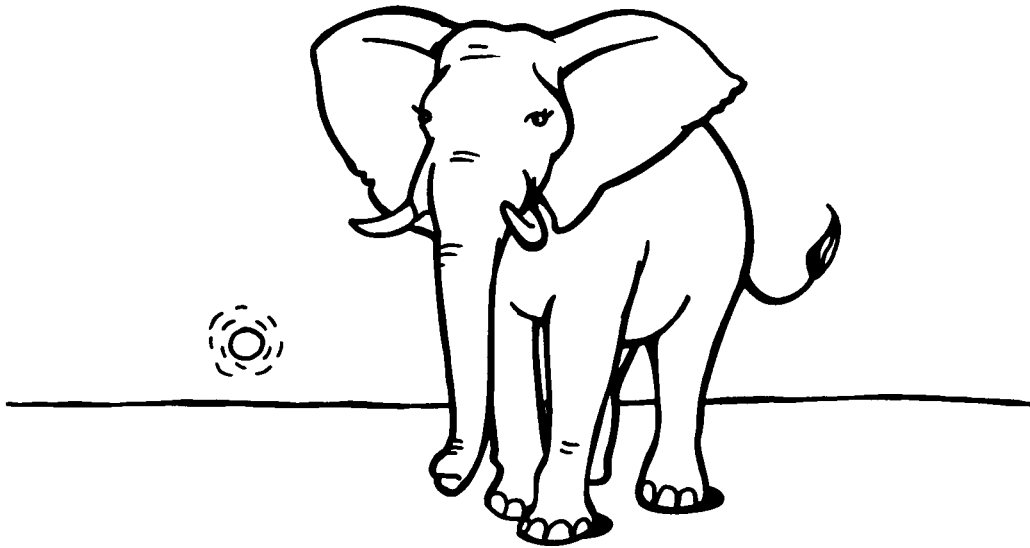

Now fill in the missing letters from the boxes above to solve the final question.

There aren't many pandas left, they are

 ng r d.

Name _____

Use your African Elephant Fact File to fill in the blanks.

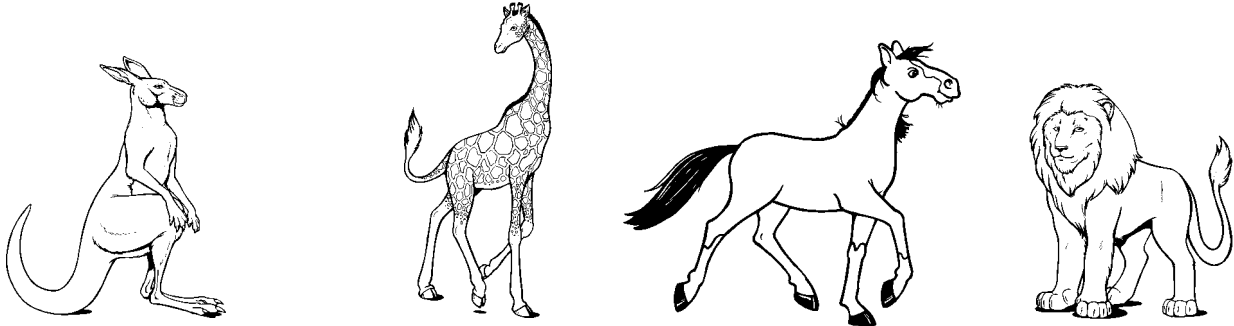

1. Elephants are classified in the _____ group.
2. Elephants are about _____ meters (13 feet) tall.
3. Where do these elephants naturally live? _____
4. A normal lifespan for an elephant is about _____ years.

Draw an elephant:

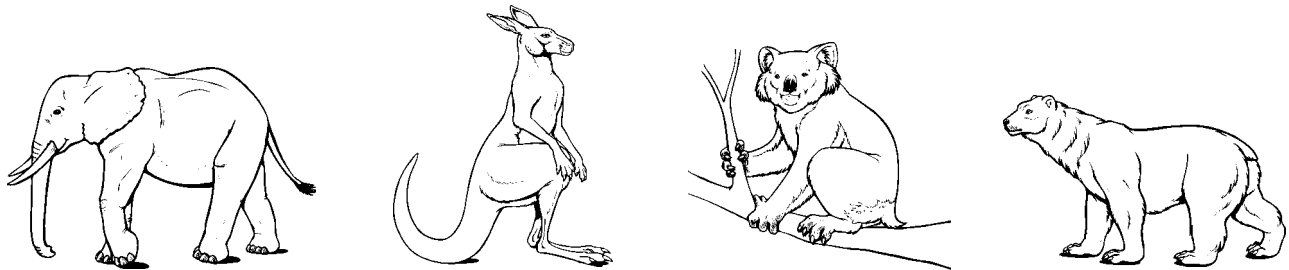

Name _____

Use your Zebra Fact File to answer the following.

1. Which of these is a relative of the zebra?

2. Which of these lives longer than a zebra?

3. Zebras naturally live in: (circle one)

Africa Asia Australia

4. Zebras are

fast	slow
------	------

 and have

good	poor
------	------

 hearing.

5. A zebra can see a long way with its

weak	sharp
------	-------

 eyes.

6. No two zebras have the same _____.

Name _____

Use your Koala Fact File to fill in the correct answers.

1. Koalas leaves .
2. A on the mother Koala's belly is used to a baby koala.
3. is where Koalas naturally live.
4. Mom's pouch keeps baby safe.
5. 13-18 is a normal life span for a Koala.
6. is their order classification.
7. Koalas spend most of their time in .
8. Koalas do not like to be on the .
9. Leaves and are their favorite food.

If you answered all correctly, you will have spelled out the Koalas' favorite type of leaf to eat! Write the letters from the boxes here:

Name _____

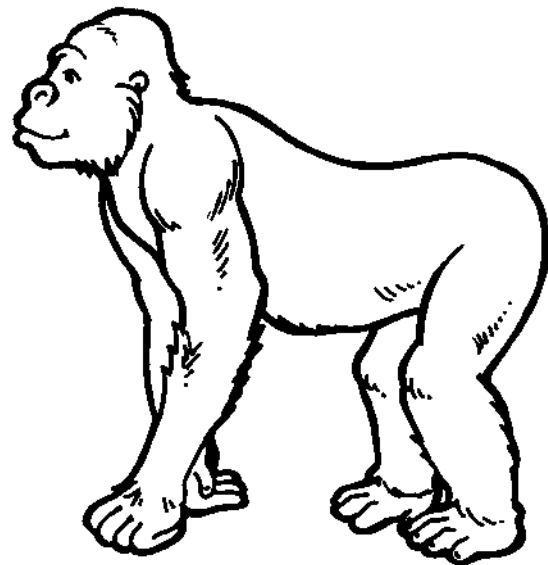

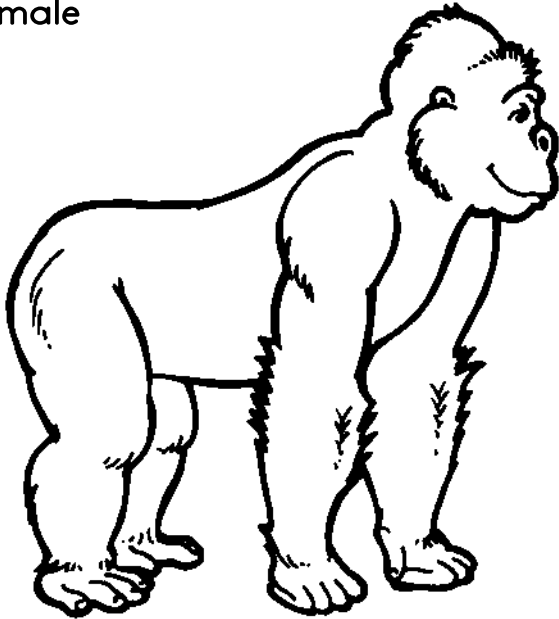

Use your Gorilla Fact File. Label the following pictures.

height: _____ meters

height: _____ meters

male

female

weight: _____ kg

weight: _____ kg

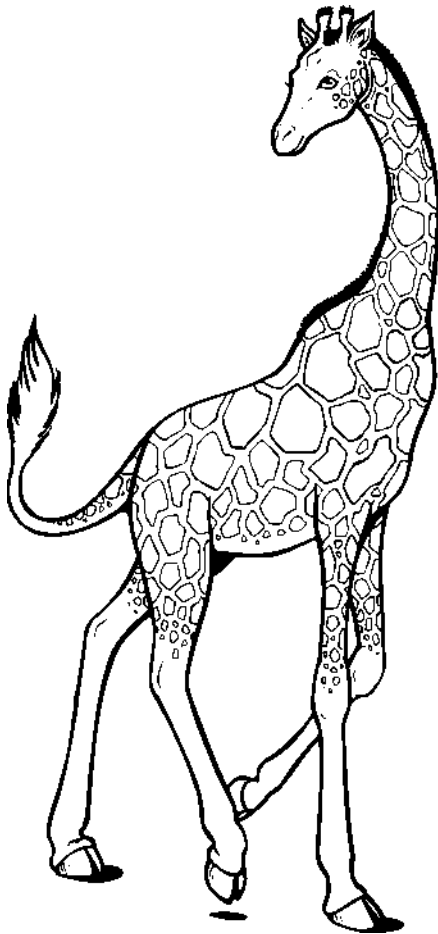

Circle the correct answer.

1. Who is larger? male or female
2. Gorillas eat: plants or meat
3. Gorillas are: fierce or peaceful and gentle
4. Gorillas live about: 20 years or 50 years
5. What group do gorillas belong in? mammal or reptile

Name _____

Find the following words about the giraffe in the letters below.

20-25 yrs
herbivores
3,000
2,000

1. Giraffes live about _____ years.
2. Eating plants and leaves, they are _____.
3. Male giraffes are about _____ pounds and female giraffes are about _____ pounds.

Name _____

Draw a picture of this animal's natural home.

Choose the items from below and draw them behind him. Trace the name.

Red Kangaroo

Name _____

Circle the correct facts about the penguin.

Penguins cannot (fly, swim), but they are great (swimmers, runners). They like to eat (plants, meat) so they are (carnivores, herbivores).

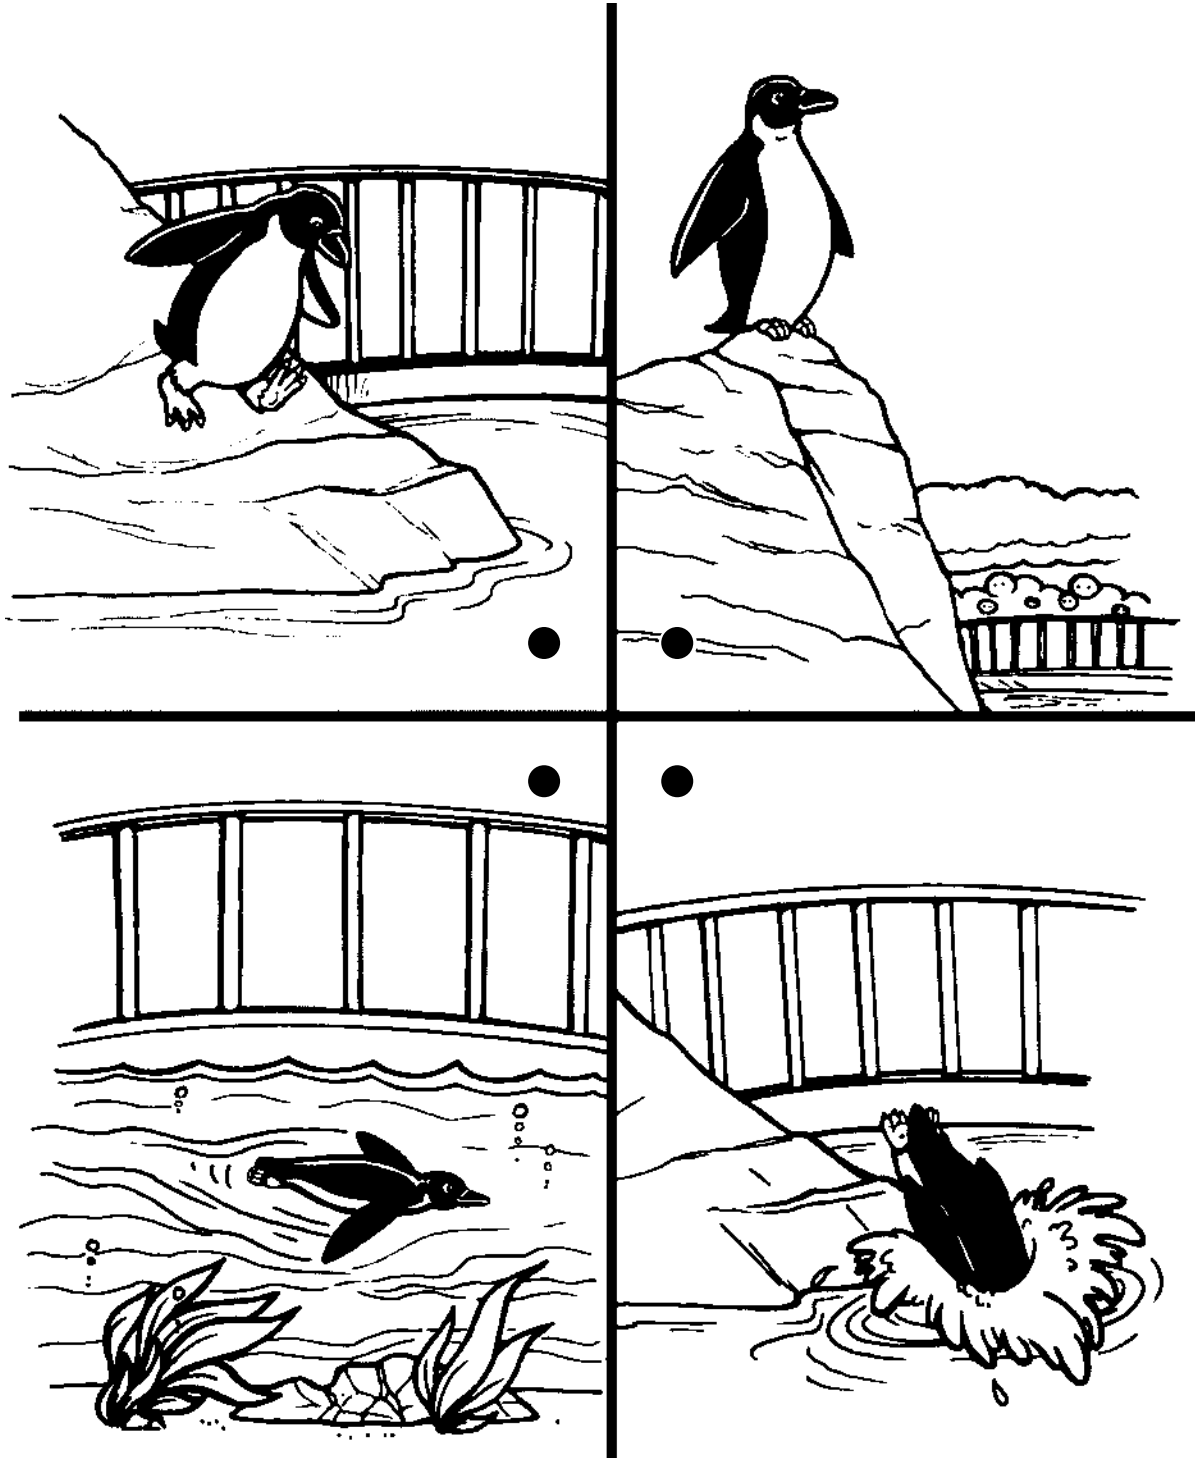

Penguins use their (beaks, wings) as paddles and their webbed (feathers, feet) to move fast through the (grass, water). Penguins live in:

Antarctica

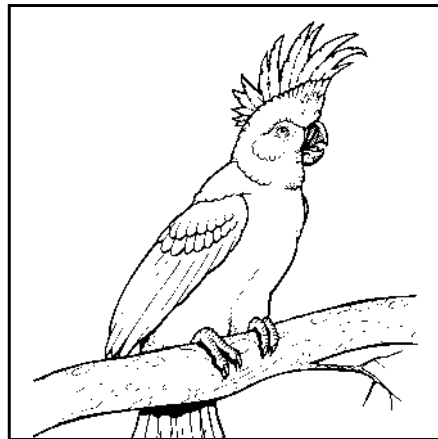

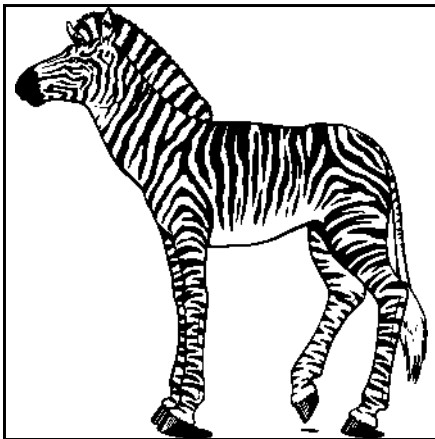

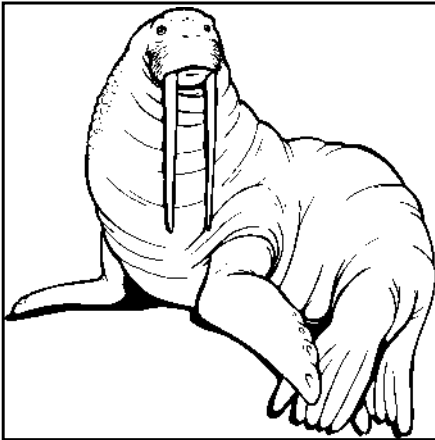

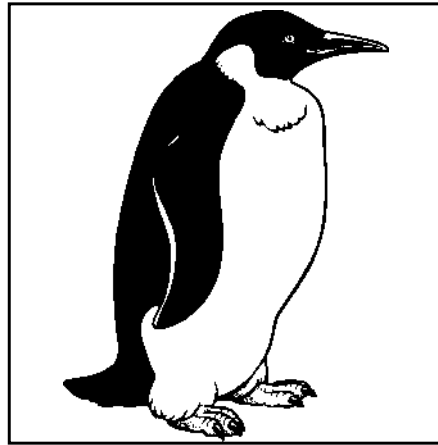

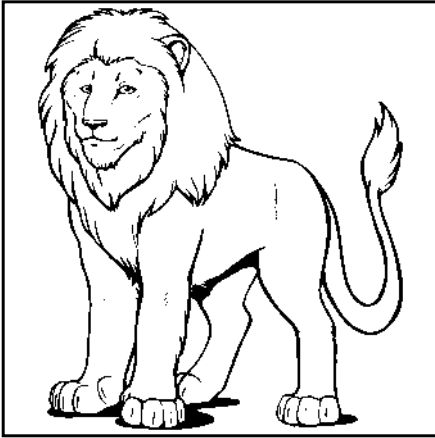

Name _____

Connect the dots to show what happens first, next, next, and last. Then number the pictures 1 - 4.

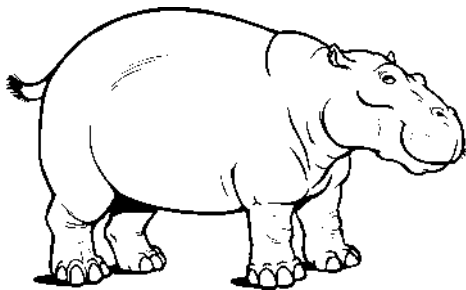

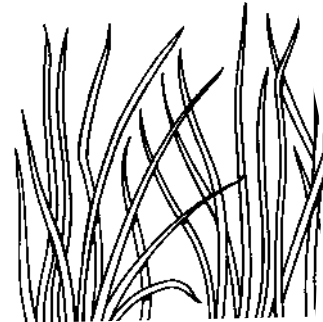

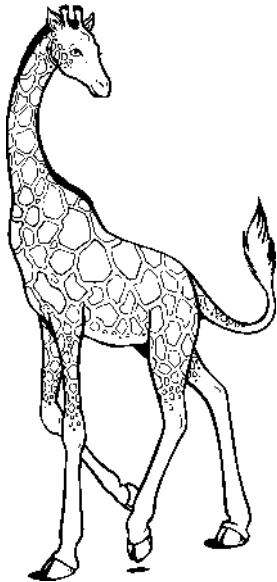

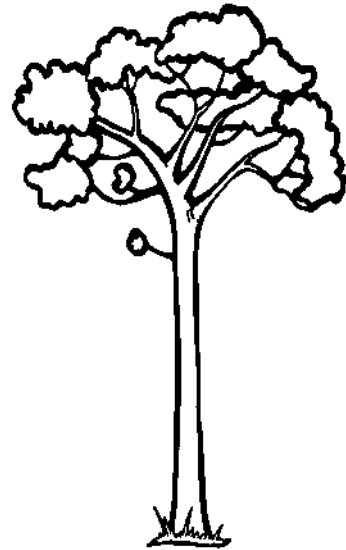

Name _____

Color the zoo animals that are mammals.

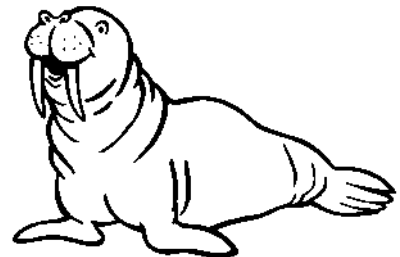

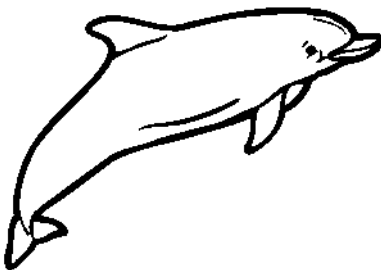

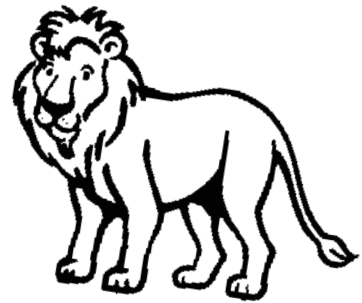

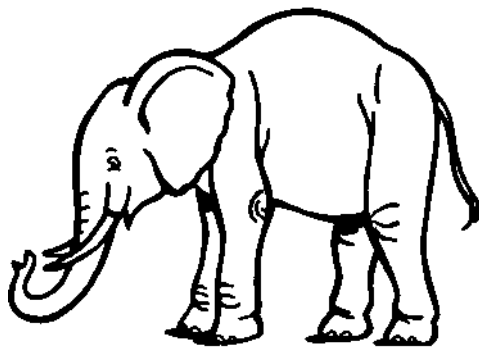

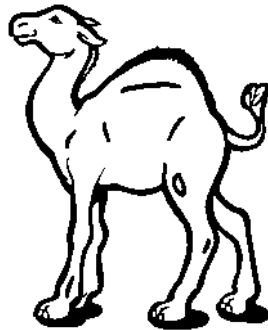

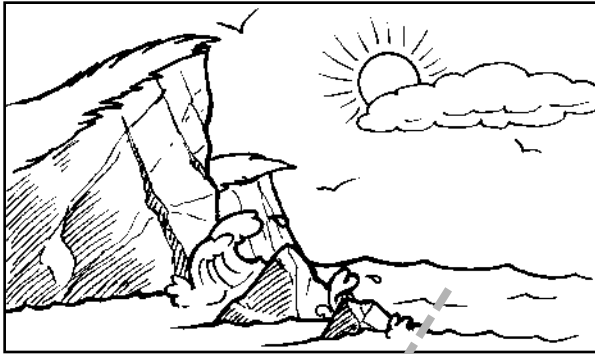

Name _____

Connect the zoo animal to its food.

Name _____

Draw a line from the animal to where it likes to play.

Name _____

Write one important fact about each of the following
zoo animals.

1. California sea lion

Great swimmers

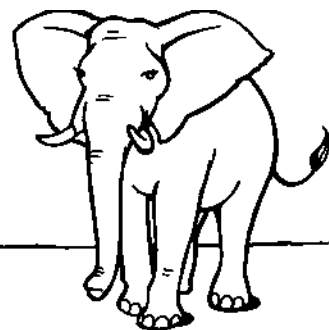

2. Lion

3. Dolphin

4. Elephant

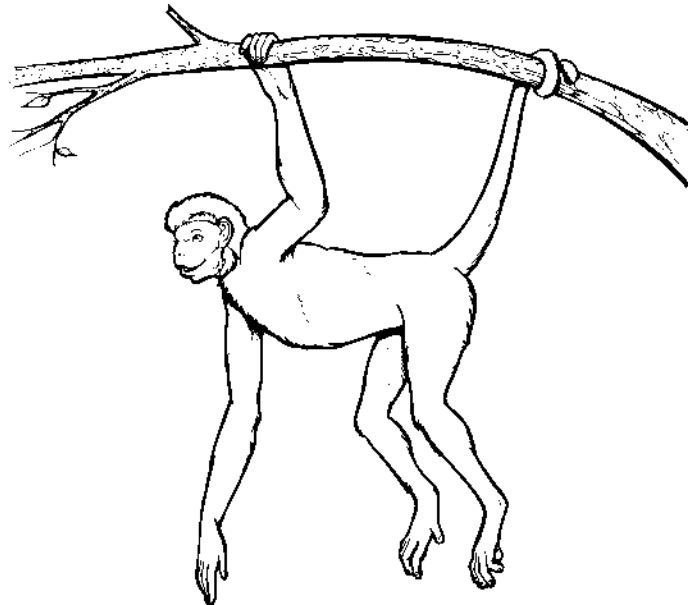

5. Flamingo

6. Walrus

Name _____

The Fact Files feature two groups of zoo animals:
birds and mammals.

Write some differences between a bird and a mammal.

bird

mammal

yes

wings?

feathers?

hair?

bear live
young?

no
